RE: Application for Part-Time Lecturer in Economics (Spring 2026)

I am writing to express my interest in the part-time Lecturer position in Economics for Spring 2026 at The University of Texas at San Antonio (UTSA). I am a DPhil graduate from Durban University of Technology, with a Master's degree in Economics, and extensive teaching and research experience. I am excited about the prospect of contributing to UTSA's renowned academic community and playing a role in advancing the institution's mission as a leader in socioeconomic transformation.

Over the last fifteen years, I've taught undergraduate and graduate-level courses in Micro and Macro Economics, Business Management, Research Methods, and related subjects at universities including Bulawayo Polytechnic and the Harare Institute of Technology in Zimbabwe. My teaching methodology emphasises student-centered learning, academic integrity, and the use of quantitative approaches to address real-world economic concerns. As a seasoned educationist, I have great experience of creating an inclusive, engaging, and academically challenging environment that promotes students to develop critical thinking and analytical skills.

In addition to my teaching credentials, I have served as Examinations Administration Manager for Economics for the Zimbabwe School Examinations Council, the country's main examinations board. I have a proven track record in research and curriculum creation, as evidenced by my published work and contributions to educational assessment at national and international levels. My experience dealing with different student populations, combined with my commitment to preserving the highest standards of academic and institutional integrity, qualifies me for this role

Thank you for considering my application. I have attached my CV and provided the names of two professional references as requested. I look forward to the possibility of discussing my application further.

Yours sincerely,
